The STILLEN 2008 Altima Coupe Rockers (Side Skirts) allow owners of the newly designed Altima Coupe to upgrade the appearance of their car. These rockers replace the factory pieces, providing a subtle but noticeable upgrade. When combined with our STILLEN Front Fascia or Front Lip Spoiler, the STILLEN Rockers provide a complete appearance upgrade that changes the attitude of the Altima Coupe, providing a slightly more aggressive look.

STILLEN understands that our customers want quality products that perform and look good. In keeping with the STILLEN tradition, our urethane body kits are designed, prototyped, tested, and molded in our state of the art facilities in Costa Mesa, California. Care is taken to manage air flow while blending the lines of each part with the vehicle. The effect: A distinctive statement that looks and fits like an original factory product.

All of STILLEN's urethane parts are flexible, durable and impact resistant. We guarantee our urethane components with a Limited Lifetime Warranty against cracking or breaking in normal use for as long as you own your vehicle.

We recommend painting and installation be done by an experienced and quality-oriented body/paint shop.
