Press Release - 7/21/08 For Immediate Release

STILLEN Chassis Braces

'03-'08 350Z

Part # 307370 Underbody Chassis Brace

Part # 308336 Rear Camber Brace

Part # 308366 Lower Control Arm Brace

Chassis flex is the enemy of good handling. These STILLEN Chassis Braces help transform your '03-'08 350Z into a sure footed slot car. Great for serious road warriors or track use.

Red powder coated braces link rear suspension components together, minimizing cornering load induced flexing. Installation is bolt on, with no drilling or modifications required.

The individual pieces are: an Underbody Chassis Brace, a Rear Camber brace and a Lower Control Arm Brace. Pieces may be used independently, but for maximum effectiveness, we recommend all three braces be used.
