

Brake **Pros**

P r e c i s i o n B r a k i n g S y s t e m s

BRAKE PROS / AP RACING BIG BRAKE SYSTEM

Part # 30-5600

Application: 2004-2005 Nissan Titan / Armada
 2004-2005 Infiniti QX56

Notes:

- Download the brake profile to confirm wheel clearance.
- Compatible with OE ABS and brake master cylinder.
- Fits 18" OE Titan / Armada wheel

Front: Brake Pros 2 Piston Caliper

- 2-Piston Pin Slider Design.
- Twin 51mm Steel Pistons.
- Steel construction for extra stiffness.

Brake Pros Rotor Assembly (355m x 30mm) (14" x 1.18")

- Larger Disc directionally curved vanes vented for maximum cooling.
- Cross-drilled and Slotted for aggressive pad bite and proper out-gassing.
- Two piece modular disc.

Brake Pad - Fast Road / Light Track

- Pad material designed for high performance street.
- Semi Metallic for aggressive pad bite
- Low Noise and Dust Compound

Rotor Hats and Hardware

- CNC machined from 6061 for light weight and maximum strength.
- Anodized black for durability.
- Aircraft grade 8-10.9 hardware provided.

Stainless Steel Brake Lines (Goodridge)

- PTFE Inner with a stainless steel outer braid
- 100% Pressure tested and DOT compliant
- Increases Braking efficiency
- Abrasion and corrosion resistant
