

2014-19 Corvette C7 Stingray and Grand Sport BODY STYLING

Costa Mesa, CA (April 9, 2019) – Street Scene is pleased to introduce their latest body styling products for the late model domestic sports car market with the 2014-2019 Chevy Corvette C7 Performance Body Styling Ground Effects Kit.

This Street Scene Kit designed for the Corvette C7 Stingray and Grand Sport offers an excellent value; with a simple installation you can truly transform the looks of your Corvette. Components of this kit can be purchased individually or as a whole.

FEATURES:

- Aggressive race-inspired style and aero enhancement for your C7 Corvette
- Polyurethane construction is both rigid enough to enhance aerodynamics while remaining durable enough for daily street use
- Comes ready to paint or paintable finish
- Easy installation using factory mounting locations
- Designed, Engineered and Manufactured in Costa Mesa, CA USA

ABOUT STREET SCENE

For over 30 years Street Scene; a Steve Millen Sports Parts Inc. Brand, has been the leading supplier in exterior styling accessories for cars, trucks and SUVs. Street Scene's staff of automotive and truck enthusiasts work hard each day to develop new products focused on building Street Scene into the ultimate source for styling components. Street Scene continues to design and develop products with a product line exceeding over 1,800 part numbers!

Over the years Street Scene has been the recipient of the SEMA "Best New Product Award" along with several design awards from Ford Motor Company, General Motors and Chrysler Corporation. Street Scene products have been seen in the media across TV shows, rock videos and hit movies for over 20 years.

Street Scene Equipment products are easy to install and will help you develop your stock vehicle into the custom vehicle you are looking for with a product range including Speed Grilles, Body Styling, Cal Vu mirrors and other great styling components.
